

Utility winner by regime

	tight horizon	oracle value of attention
	long horizon	oracle value of attention
	high hazard	oracle value of attention
	low hazard	oracle value of attention
	high attention cost	oracle value of attention
	low attention cost	oracle value of attention
	delayed observation	oracle value of attention
	noisy sensor	oracle value of attention
	model mismatch	oracle value of attention
	over budget trap	oracle value of attention
